Iris Gardens

Hutchinson, Kans.

A. H. Bangard

# *Greetings 1954*

As each spring arrives we are constantly reminded of how fortunate we are in having the capacity to appreciate beauty. It is the third dimension of living to be able to see something besides wood in a tree, or leaves in a plant. Iris lovers are often sustained in life by the thrill that comes from their beautiful gardens. Through this love of beauty we feel a tie of friendship with all our customers.

We have added many of the newer varieties to our list this year, and we almost regret that many of the older kinds must make way for them. We are located just a mile south of Hutchinson on Highway 17. Our blooming season reaches its peak about May 15, and we believe you will find our iris (2 acres) and peony (4 acres) gardens worth including in a tour of Kansas gardens. Our soil grows good roots and we insist that our customers are satisfied or we make adjustments.

Happy gardening to you! We offer this list as one garden lover to another, knowing that you will find, as we have, the peace and relaxation that comes from adding new beauty to your garden and home.

## **ACREDITED JUDGE OF AMERICAN IRIS SOCIETY**

### **CULTURE**

It is a mistake to assume that because iris are extremely hardy that they will not respond to a careful cultural plan. Above all, iris must have full sun and good drainage—given such conditions many of your iris troubles will be averted. Keep all dead leaves and litter removed—these breed disease. Iris will thrive in any ordinary garden soil. A good plan for the fertilizing of iris is to apply gypsum or lime in the spring, superphosphate after blooming, and a feeding of bone-meal in the fall. Larger blooms and more vigorous plants will be your reward.

### **GUARANTEE**

All our stock is state inspected and we guarantee to supply clean, healthy roots, true to name. Adjustment will be made wherever any dissatisfaction occurs.

### **TERMS**

Cash with all orders to be shipped. Orders called for may be paid at that time. On shipping orders less than \$3.50 add 25¢ to cover packing and postage. Orders will be filled from July 1st to September 15.

### **BARGAINS**

To any order from \$3.50 to \$10.00 select any iris value equal to 15% of your order.

To any order over \$10.00 and up to \$15.00 select any iris value equal to 20% of your order.

To any order above \$15.00 and up to \$25.00 select any iris value equal to 25% of your order.

To any order \$25.00 or more add 30% iris value to your order.

### **LANDSCAPE COLLECTION**

For larger landscape plantings, we can offer many good varieties at greatly reduced prices. Tell us what you have in mind and we will quote prices.

(There is an further discount on peony orders)

**Baroness Schroeder**—A double white tinted flesh pink. One of the best cut flowers we sell and much in demand as a perennial.

**Edulis Superba**—Guards and center petals bright old-rose pink. Collar is lighter pink. Very early.

**Felix Crousse**—A satisfactory and dependable brilliant crimson red with silky luster. Late midseason.

**Festiva Maxima**—Massive early double white with crimson markings. A most dependable and desirable variety.

**Karl Rosenfield**—Large bright crimson with a hint of blue. Good stiff stems and a good commercial cut flower.

**Mons. Jules Elie**—Popular large light rose-pink. One of the best in its class.

**Sarah Bernhardt**—A fine dark rose-pink much in demand. Good show specimen.

**Officinalis Rubra Plena**—Known as a species peony. Quite different. Very early brilliant double crimson.

# *Bargains on Standard Older Varieties*

Although the following varieties are older, they are good standard varieties and many of them are worth far more than the prices listed below. A planting of a group of these will give you a colorful landscape. We expect to discontinue all of these to make room for more recent introductions. Early orders will receive first choice and all orders will be subject to stock on hand when your order is received.
